👤 CARRIER OBJECTIVE

To leverage my skills as a Software Developer in building scalable, user-centric web applications, while continuously enhancing my technical expertise and contributing to the success of a forward-thinking organization.

📁 PROFESSIONAL EXPERIENCE

May 2024 – present
Rajkot, India

Software Developer, *Peafowl IT Solution*

- Developed responsive React.js applications with reusable components, optimized performance, and integrated RESTful APIs. Delivered clean, maintainable code for client-facing projects including like **Employee Management, Contractor Management, Catering Management, Outlook Add-ins, Desk Bookings**, and other **live solutions**.

Aug 2023 – Oct 2023
Remote

Freelance NodeJS developer, *Freelance*

- Freelance Backend Developer with hands-on experience in building and optimizing the backend of a **Job portal** using Node.js. Skilled in developing RESTful APIs, managing databases, and ensuring performance, scalability, and security of applications. Adept at delivering efficient backend solutions tailored to client requirements.

Feb 2023 – May 2023
Rajkot, India

Software Developer Trainee, *Intrallogic It Solution*

- Hands-on experience in developing web applications using the MERN stack, with a focus on building reusable components, managing databases, and optimizing applications for performance, scalability, and security.

Oct 2019 – Jan 2023
Remote

Freelance Graphic Designer, *Freelance*

- Freelance designer experienced in image editing, video creation, and branding. Skilled in Photoshop, Illustrator, Premiere Pro, After Effects, and Canva. Delivered customized logos, banners, and promotional content for social media and businesses, ensuring high-quality results and timely project delivery.
